

Eliron Program Overview

With gratitude, I welcome you to Eliron.

This is the work I have created as a container for clarity, healing, and lasting change.

Eliron: A Temple of Transformation

Eliron is the name I give to this work, a dedicated space where science and spirit meet.

When you meet me, you meet Isabella Ivory.

When you step into the programs, you step into Eliron.

It is a container for clarity, healing, and lasting change, held with depth, dignity, and light.

RTT® Essentials

A focused RTT® session with coaching support. A concise, powerful container for one key transformation. Designed to help you address a single issue with depth and precision.

RTT® Intensive

A deeper immersion over 6 to 8 weeks. This program combines multiple RTT® sessions, personalised recordings, and coaching guidance. It supports sustained change in a specific area of your life, giving time for integration and strengthening of new patterns.

Secret Code Program

A comprehensive 3-month journey. This is the core of Eliron: RTT®, coaching, and tailored practices woven together. It is designed for those ready to work at depth. Not just resolving a challenge, but reclaiming self-worth, clarity, and confidence.

Quantum Coaching

Premium, ongoing support. For those ready to expand beyond resolution into creation. This is where you step into higher visioning, sustained transformation, and growth that touches every area of life.

With Steady Grace,
Isabella Ivory
